Want to get away from it all? This hidden gem of a cabin in Sequoia Crest could be just what you are looking for! For starters, there is a HUGE Giant Sequoia on the property next to the deck! Next, the cabin is located away from the street in the middle of two lots for privacy. While the long driveway makes winter access a little less convenient, you feel like you are alone in the forest from the cabin. An open floor plan with a fireplace, plus two bedrooms and a bath complete the setup. The deck needs some work but the outdoor setting should be fantastic once that is taken care of. This one is not going to last – call today to see it before it's gone!
